

Greetings Peralta Businesses,

Universal Waste Systems of New Mexico received a contract award from the Peralta Town Council to provide exclusive commercial solid waste collection services beginning July 1, 2020.

We look forward to providing you with the best possible service. Our goal is to work with you to ensure that you are receiving the appropriate level of service based upon the volume and characterization of the waste generated by your business. Upon your request, we will be happy to schedule a free waste analysis.

Commercial accounts are billed monthly in advance. We offer an Annual Payment Discount Program, as well as convenient autopay and paperless billing options.

Please see our rate schedule below. Commercial customers requesting a greater frequency of collections per week will be charged 50% of the base price for each additional pickup up to 2 collections per week.

CONTAINER	FREQUENCY OF SERVICE	MONTHLY BASE PRICE	GRT (7.9375%)	FRANCHISE FEE (4%)	TOTAL
